

TERRAMA I

RECLAIMED WOODS FROM AROUND THE WORLD™

May 2009

Product Specifications – Teak Flooring

Product Description: TerraMai's reclaimed teak flooring has the rich color, tight grain, and legendary durability only found in centuries-old teak. Plantation-grown teak from South America cannot compare to old-growth Asian teak, in either looks or durability. The reclamation of this old-growth teak helps preserve standing teak forests and gives these amazing woods another lifetime of use and appreciation.

Source: Vintage buildings slated for demolition in Southeast Asia.

Species: *Tectona grandis*.

Colors: Muted golds, coppers and tans with rich brown and silver grain highlights.

Net Dimensions: 5/8" thick X 3-1/2" or 5-1/2" wide X 6' solid and finger-jointed lengths.

Millwork: Tongue & groove, end-matched, back-relieved and under-center-matched. Some pieces finger-jointed, with a maximum of four finger-jointed pieces per 6' length.

Character: Occasional prefilled nail and dowel holes, black oxide stains, prefilled surface seasoning checks and occasional sound tight knots.

Finish: Comes unfinished, unless otherwise specified.

Hardness: Janka rating of 1155.

Moisture Content: Kiln dried to six-to-nine percent moisture content.

Grading: Graded for best face.

Packaging: Boxed and banded.

Installation: Install per National Wood Flooring Association (NWFA) guidelines.

Certification: Certified recycled by the Forest Stewardship Council (FSC). Cert Number SCS-COC-001014.

LEED: Materials Reuse 4.1 & 4.2.
